RE: Comments ~~RM-10393~~

As the Chief of Police of the Town of Maplesville, Alabama I submit the following comments regarding RM-10393.

I am in support of the allocation of an FM channel 292A for the Town of Maplesville, Al. I feel that this service in our community will give the Police Department another source of informing our community about health and welfare issues such as severe weather information, school closing information, homeland security information and other things the community needs to be made aware of, not to mention a local outlet for AMBER alert information.

The people involved in the Alatron Corportation have been involved in our community for several years and I feel thay will serve our community well if they are granted authorization to construct this facility.

Sincerely

Freddie L. Mayfield  
Chief of Police  
Maplesville Police Department  
Maplesville, Al 36750
